

LOOKING BACK AT 2022

THIS WAS A BIG YEAR FOR THE WEST TORONTO ONTARIO HEALTH TEAM. HERE ARE SOME COOL THINGS THAT HAPPENED IN 2022.

MARCH

WTOHT partners with LAMP Community Health Centre and service providers in the Mississauga Ontario Health Teams on ongoing efforts to address anti-black racism.

APRIL

Launched our new visual identity and branding that reflects the theme of transformation as the OHT aims to create system-level change and grow for the better.

MAY

Expanded membership of West Toronto Ontario Health Team partner organizations from 15 to 35 members.

JUNE

Held our Steering Committee meeting with our new member organizations to advance the direction the OHT.

JULY

Hired our first cohort of dedicated staff to enable the OHT's work.

AUGUST

Laid the groundworks for a busy Q4.

SEPTEMBER

- Launched EngageWTOHT, our online engagement website to better partner with our community members and member organizations.
- Partners for Better Care Council (PBCC) held their kick-off meeting with their 9 new community member recruits.

OCTOBER

Hired a new director adding a strong direction and vision for the OHT.

NOVEMBER

- Hosted a flu and COVID-19 vaccination clinic for community members.
- Established the West Toronto Primary Care Network (WTPCN) connecting primary care providers across West Toronto.

DECEMBER

Launched a winter-long 'Cold & COVID' clinic to combat the surge in respiratory illnesses.
